EXPERIENCE

Nokia — Dallas, TX | Oct 2020 – Present

Key Technologies: Kubernetes, Red Hat OCP, CI/CD, AI-RAN, 5G Core

Test Architect | Aug 2025 – Present

- Lead execution of anyRAN and AI-RAN integration across PoC, labs, and field trials.
- Design scalable IP and deployment models for diverse enterprise environments.
- Develop AI-RAN tools and demo scripts; deliver presentations to R&D and global customers.
- Collaborate with partners to showcase AI-RAN at global events (MWC, Radio World).

Cloud RAN System Support Engineer | Nov 2022 – Aug 2025

- Deployed Cloud RAN PoCs and automation tools, improving efficiency and trial speed.
- Automated CI/CD deployment process, reducing environment setup time by 30%.
- Executed platform bring-up and network creation with Kubernetes and Red Hat OpenShift (RHOC).
- Performed container image hardening and compliance validation during pre- and post-release cycles.
- Led and mentored Nokia interns during 2023–2025 summer programs.

O-RAN System Support Engineer | Jun 2021 – Oct 2022

- Demonstrated O-RAN RIC use cases (ATS, AD, CDIO) to executive teams and customers.
- Executed interoperability and IOT tests; automated workflows to validate O-RAN fronthaul.
- Troubleshoot DU/RU connectivity and optimized power configurations in test environments.

5G Systems Engineer | Oct 2020 – Jun 2021

- Supported 5G software integration, system upgrades, and validation testing.
- Analyzed network logs and KPIs ensuring stable 5G service delivery across labs.

Global Security Office Associate, Lion Re:Sources — Irving, TX | Jan 2020 – Sep 2020

- Administered vulnerability management tools and log analysis for incident investigation.
- Automated tasks via SQL, Python, and JavaScript; executed PCI-aligned remediation.

IT Security Associate, Trend Micro Inc. — Irving, TX | Sep 2019 – Nov 2019

- Deployed and configured Trend Micro Deep Security Hybrid Cloud solution across AWS and Azure environments.
- Presented network defense and mitigation strategies to technical panels.

Student Associate, The University of Texas at Arlington — Arlington, TX | Jan 2017 – Dec 2018

- Led recruitment operations and managed data-driven admissions systems.
- Formulated technical guidelines for system upgrades and delivered monthly reports to ensure customer service efficiency.

TECHNICAL SKILLS

Operating Systems: Red Hat OCP, Wind River, Windows, Linux, Unix, Android, iOS

Languages: Python, Java, C/C++, SQL, SQLAlchemy, JavaScript, CSS, HTML, MATLAB, ARM Assembly

Tools / Frameworks: Flask, Docker, Git, Trivy, RESTful API, AngularJS, Spring Boot, MongoDB, SQLite, NetWitness, Nmap, Wireshark, MySQL Workbench

SDLC: Agile, Waterfall

CERTIFICATIONS

- 5G Foundation, Linux Orange Belt, Phoenix 3F BTS Troubleshooting – Foundation
- AWS Cloud Practitioner, Azure Fundamentals, Google Cloud Certified Associate Cloud Engineer, Cyber Ops, Trend Micro Certified Cybersecurity Professional

EDUCATION

Master of Science in Cybersecurity — University of Dallas, Irving, TX (2020) | GPA: 4.0

Bachelor of Science in Computer Science — University of Texas at Arlington, Arlington, TX (2018) | GPA: 3.5
